EDUCATION

Satyam International Institute of Technology, Patna-07

06 2019 – 06 2022

Degree Name - **CGPA - 7.49**

Patna, Bihar

EXPERIENCE

Coding Ninja [↗](#)

08 2023 – 08 2024

Full Stack Developer

Ghaziabad

- Full-stack web developer with 1 year of experience, trained at Coding Ninja Bootcamp, ready to apply skills in real-world projects.
- I have completed Chat-GPT, Auto-GPT, AI Tool, training from Be10X Academy.

PROJECTS

Ecommerce App [↗](#) | Node.js, Express.js, MongoDB, React.js, Ajax, IDE - VS Code

05/08/2024

- Created a dynamic and responsive front-end using React.js. Seamlessly integrated API calls to fetch product data, enhancing user interaction and engagement. Implemented efficient cart actions, allowing users to easily add, remove, and update items in their cart.

PortFolio App [↗](#) | HTML, CSS, Bootstrap JavaScript, React, Redux, IDE VS Code

01/05/2024

- In this project, I used React-Bootstrap to design a sleek, responsive interface with key features:
"Download Resume": Allows users to download my resume with one click. Contact Form: Facilitates direct communication through the website. Social Media Icons: Connects users to my profiles on various platforms

Hotel Project [↗](#) | HTML, CSS, JavaScript and Bootstrap, IDE VS Code

10/04/2024

- In this hotel project, I utilized HTML, CSS, Bootstrap, and JavaScript to create a visually appealing and responsive website. The project features a clean and modern design, with Bootstrap ensuring consistent styling across different devices. Some of the main features are a dynamic display of room availability, an interactive booking form, and easy-to-navigate menus using JavaScript. Together, these technologies create a seamless user experience that makes it easy for visitors to browse available rooms, verify availability, and make reservations through a well-designed interface.

Social Midea Platform [↗](#) | Node.js, Express.js, MongoDB, React.js, Ajax, IDE - VS Code

10/08/2024

- Developed functionalities allowing registered users to create posts, and participate in discussions through comments, and communicate privately via messaging features.
- Implemented user authentication and authorization features to ensure secure access to account information and interactions within the platform.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL

Technologies/Frameworks: HTML5, CSS3, JavaScript, Bootstrap, ReactJS, GitHub, NodeJS, MongoDB, ExpressJS, Git, Flutter

Developer Tools: VS Code, Eclipse, MySQL
